PoEM 2016 — Preliminary Call for Papers

We welcome submissions for the 9th IFIP WG 8.1 working conference on the Practice of Enterprise Modelling (PoEM), taking place in Skövde, Sweden. The working conference aims to improve the understanding of the practice of Enterprise Modelling (EM) by offering a forum for sharing experiences and knowledge between the academic community and practitioners from industry and the public sector. PoEM is a very interesting and dynamic event. Submissions are sought on any topic of enterprise modelling, including, but not limited to:

- Enterprise Modelling Theory
- Enterprise Modelling Practice, Case Studies, and Action Research
- Human Aspects in Enterprise Modelling
- Enterprise Modelling Tool Support
- Enterprise Architecture
- Enterprise Modelling for Information Systems
- Enterprise Modelling for Agility and Flexibility
- Enterprise Model Change Management and Transformation
- Enterprise Modelling and Requirements
- Quality & Integrity of Enterprise Models
- Enterprise Modeling Analysis, Integrity Checking & Validation
- Scalability of Enterprise Models
- Regulatory & Legal Compliance in EM
- Conceptualizations, Notations, and Ontologies
- Enterprise Modelling and Business Processes
- Capability-driven Enterprise Modeling
- Use of Enterprise Models at Run-Time
- Enterprise Modelling for Model-Driven Development
- Economics of Enterprise Modelling
- Knowledge Management and Enterprise Modelling
- Meta-modelling and Multi-Level Enterprise Modelling
- Cloud-Based Enterprise Tools and Architectures
- Modelling Enterprise Security, Risk & Privacy
- Resource Modelling
- Enterprise 2.0

The papers accepted for PoEM 2016 will be published in the Springer LNBIP series. Authors can submit original papers complying with the LNBIP template via the EasyChair (https://easychair.org/conferences/?conf=poe2016) submission page in the following categories:

- Research papers - describe original research contributions to the area of EM (max. 15 pages).
- Practitioner/Experience papers - present problems, challenges or experiences related to any aspect of EM encountered in practice (max. 15 pages).
- Short papers - can be used to present work in progress and emerging EM challenges (max. 10 pages).

Authors are requested to include a cover page that contains the paper title with the category (research paper, practitioner/experience paper, short paper) as subtitle. This information shall be used in the evaluation of the submission. The cover page is not included in the page count. Authors should indicate their intention to submit a paper by submitting an abstract one week before the paper submission deadline. Abstracts and papers shall be submitted via EasyChair.

Call for Workshop Proposals

We solicit proposals for workshops to be held in conjunction with PoEM 2016. Proposals should contain a description of the scope of the workshop and its relation to enterprise modelling, a preliminary call for papers incl. a preliminary list of program board members, an estimate of the expected number of participants, and a description of the target audience of the workshop, i.e. which research and practitioner groups shall be contacted to solicit paper submissions to the workshop. Workshop proposals shall be submitted via email to the program committee chairs, i.e. Jennifer.Horkoff.1@city.ac.uk and Manfred.Jeusfeld@his.se.

Doctoral Consortium

A doctoral consortium will be organized as part of the conference where PhD students in the area are given the opportunity to get feedback from senior researchers. A separate call for papers will be distributed for the doctoral consortium.
