

Call for Applications: INGENIUM Summer School on Health, well-being and technology

Chieti, 19-23 June 2023

We are excited to announce the first INGENIUM Senior Summer School, a unique and immersive learning experience focused on health, well-being and technology. The "10 days of INGENIUM - Health, Well-being and Technology" event is a unique opportunity for faculties, researchers, and students from different backgrounds to exchange knowledge, ideas, and best practices, as well as to network and collaborate with peers from the 10 partner Institutions. The event will feature keynote speeches, technical presentations, workshops, and panel discussions on a wide range of topics related to Health, well-being and Technology.

We encourage master, PhD students and early career researchers' participation, there is no registration fee as all the costs will be covered by the INGENIUM alliance.

Eligibility: Applicants must be master, PhD students or early career researcher with a fluent English, from any discipline.

Selection criteria: In line with the objectives of the INGENIUM Alliance, the participation is open and highly encouraged to master, PhD students and early career researchers of any background.

Funding level: The travel grant, paid by the home institution, will cover transportation costs, shared hotel accommodation, welcome reception, participation to all scientific events at the meeting location, welcome dinner, event materials, coffee breaks, poster session, lunches, and the programmed leisure activities.

Important Dates:

- Application deadline: 8 May 2023
- Notification of acceptance: 11 May 2023
- Hotel reservation: 14 May 2023
- Summer school arrival: 18 June 2023
- Summer school program: 19 June – 23 June 2023
- Summer school departure: 24 June 2023
